Myths and Folk-lore of Ireland by Jeremiah Curtin in 1889:

"The Fairy-Faith in Celtic Countries" by W Y Evans-Wentz is a classic study of traditional Celtic spirituality ties ancient Paganism, medieval myth, and traditional Fairy beliefs into a powerful celebration of Celtic wisdom and magic. This magnificent book is a collection of stories, anecdotes, and legends from all six of the regions where Celtic ways have persisted in the modern world: Ireland, Scotland, Wales, Cornwall, Brittany, and the Isle of Man. It examines how Fairy spirituality survived in the face of hostility caused by modern science and religion. It celebrates how beliefs (which only a century ago were dismissed as quaint and superstitious) were, in fact, powerful principles of ancient Pagan magic that remained essential features of the Celtic world for generation after generation. The Fairy Faith in Celtic Countries offers plenty of speculation and theories regarding who or what fairies are and where they come from. But it is also an anthropological study of fairy faith which involved interviews with hundreds of people.

Limerick Folk Tales by Ruth Marshall in 2016-11-03:

County Limerick is a place of kings and commoners. It is where Donn Firinne, king of the Munster fairies, is said to have once roamed and where Sean na Scuab, a poor broom seller from the wrong side of the river, was chosen to be mayor of the city. It is a land filled with stories, poetry, music and drama. In these pages you can read about Sionainn, who was carried away by the flowing waters of the River Shannon; the bright and beautiful goddess Áine, the fairy queen, who knits the earth's green mantle below Lough Gur; Finn MacCool and his band of warriors, the Fianna; the wise woman Joan Grogan and her ingenious cures; foolish Tadhg who outwitted a gang of thieves; and the poet-magician, Gearóid Iarla, on his horse with silver...
In this unique collection, storyteller Ruth Marshall recounts tales of mystery, music and magic from across the rich tapestry of the folklore of County Limerick.

Celtic Myths and Legends  T. W. Rolleston 1990-11-01 This splendidly illustrated study by the distinguished Celticist T. W. Rolleston masterfully retells the great Celtic myths and illuminates the world that spawned them. Focusing principally on Irish myths, the book first takes up the history and religion of the Celts, the myths of the Irish invasion and the early Milesian kings. What follows is pure enchantment as you enter the timeless world of heroic tales centered around the Ulster king Conor mac Nessa and the Red Branch Order of chivalry (Ultonian cycle). These are followed by the tales of the Ossianic cycle, which center on the figure of Finn mac Cumhal, whose son Oisín (or Ossian) was a poet and warrior, and the traditional author of most of the tales. Next comes a summary of the Voyage of Maeldūn, a brilliant and curious piece of invention that exemplifies the genre of "wonder-voyages" — adventures purely in the region of romance, out of earthly space and time. Finally, the author recounts a selection of the myths and tales of the Cymry (Welsh). In these pages, readers will delight in the favorite and familiar tales of Cuchulain, King Arthur and the Knights of the Round Table, the Grail, Deirdre, and many more figures that haunt the shadowy, twilit world of Celtic myth and legend. There, the mysterious fairy people work their mischief, priests and the devil wage an endless struggle for the souls of humankind, clever wives outwit murderous giants and druids cast spells.
